5 February 1973

To: All Training Officers of the Agency

ADVANCED INTELLIGENCE SEMINAR (AIS)

The eleventh running of the Advanced Intelligence Seminar (AIS) is scheduled for three weeks, full time, 14 March through 3 April 1973. One of six core courses recommended for specific stages of an individual officer's career, the AIS is designed for experienced middle and senior level officers (minimum grade GS-13) from throughout the Agency. (See OTR Catalog.)

The AIS places major emphasis upon current factors affecting the Agency's key functions, roles, and effectiveness; international and domestic developments as they bear upon the U.S. intelligence effort; and the outlook for intelligence in the 70's. The Seminar draws on knowledgeable speakers from inside and outside the Agency, and establishes an atmosphere for in-depth dialogue among speakers and participants.

25X1A
